

SCIENTIFIC PROGRAM

SESSION LECTURE

No.37

Innovation and Development of Oncology Journals
Room:Peacock Room 2

Co-Chairs:
Daiming Fan

Robert Kruger

Day 1 October 19th (Saturday) 14:00 – 17:30

Time	Speaker	Title
Session Chair: Huiqin Liu Director of the Publishing Department of China Anti-Cancer Association		
14:00-14:10	Daiming Fan Academician of the Chinese Academy of Engineering; EIC of <i>Holistic Integrative Oncology</i>	Opening Remarks
14:10-14:20	Xishan Hao Academician of the Chinese Academy of Engineering; EIC of <i>Cancer Biology & Medicine</i>	Opening Remarks
14:20-14:40	Ying Wang Vice President of China Anti-Cancer Association	CACA Series Journals & HIO——The Path to Internationalization
14:40-15:00	Robert Kruger Editorial Director, Publishing Division and Senior Executive Editor, Cancer Discovery at the American Association for Cancer Research (AACR)	Innovation and Development of the AACR Journals
15:00-15:20	Emilie Gun Journals Director of American Society of Clinical Oncology (ASCO)	Innovative Strategies of the ASCO Series Journals
15:20-15:40	Tieming Zhang President of Society of China University Journals	High-quality Development of Chinese Sci-tech Journals Under The New Format of Academic Publishing
15:40-16:00	Yuehong Zhang Managing Editor of <i>Bio-Design and Manufacturing</i>	The Core Element of Scholarly Journal Communications --- Trustworthiness
16:00-16:20	Kongming Wu Tongji Hospital, Tongji Medical College of Huazhong University of Science and Technology	High Quality Medical Research Paper: Design, Presentation and Submission Details
16:20-16:40	Chongfang Wang Journals Growth Director, Greater China, Springer Nature	Innovative Developments of Journal Publishing within Springer Nature
16:40-17:00	Lei Lei Senior Manager, Publishing Development, Wiley	Advanced Science and Wiley Life & Health Sciences
17:00-17:30	Discussion and Communication	Session Chair: Huiqin Liu

Daiming Fan

Email: fandaim@fmmu.edu.cn

Ph.D., Academician of the Chinese Academy of Engineering, Foreign Member of the American Academy of Medical Sciences and the French Academy of Medical Sciences, also serves as the President of China Anti-Cancer Association, Honorary President of the World Integrated Medicine Association, President of the Asian Oncology Society, Director of the National Clinical Research Center for Digestive Disease. Prof. Fan used to be President of the Fourth Military Medical University and has served as Editor-in-Chief or editorial board member of *Nature Reviews Gastroenterology & Hepatology*, *Gut*, *Hepatology*, *Holistic Integrative Oncology*, etc. Prof. Fan has undertaken numerous national key projects, published over 800 papers and authored 200 monographs. He has been awarded the National Science and Technology Progress Awards, the National Science and Technology Progress Award for Innovative Team and the World Digestive Disease Master Award, etc.

Xishan Hao

Email: haoxishan@tjmuch.com

Ph.D., Academician of the Chinese Academy of Engineering, Director of Tianjin Cancer Institute and National Clinical Research Center for Cancer, Vice President of Asia Senologic International Society, Editor-in-Chief of *Chinese Journal of Clinical Oncology* and *Cancer Biology & Medicine*, and the Honorary President of Tianjin Medical University and China Anti-Cancer Association. Focused on oncological research for decades, Prof. Hao pioneered the "Functional Jejunal Interposition Gastric Replacement Surgery" for the treatment of gastric cancer. He has undertaken more than 20 national key projects, published over 500 papers and 5 monographs. He has been awarded two National Science & Technology Progress Awards, a National Teaching Achievement Award and four Provincial Science and Technology Progress Awards.

Ying Wang

Email: yingww@caca.sina.net

Vice President of China Anti-Cancer Association, Secretary General of Asian Oncology Society (AOS) and Executive Associate Editor-in-Chief of *Holistic Integrative Oncology (HIO)*. From 1987 to 1988, Prof. Wang underwent further training in palliative care at the Royal Marsden Hospital, London, UK and pursued further study in Cancer Pain Management at the Memorial Sloan-Kettering Cancer Center, New York, USA. Prof. Wang was appointed as the Vice President of Tianjin Medical University Cancer Hospital from 1998 to 2014, overseeing scientific research, education, international exchanges and clinical trials. She served as the Secretary General of CACA from 2012 to 2022 and elected as the Vice President of CACA in 2022.

Huiqin Liu

Email: huiqinliu@cancerbiomed.org

Ph.D., Director of the Publishing Department of China Anti-Cancer Association (CACA), Managing Editor of *Chinese Journal of Clinical Oncology* and *Cancer Biology & Medicine*. With 17 years of experience and deep understanding of journal publishing, Dr. Liu has focused on the management and development of CACA journals. In 2013 and 2019, she got training in scholarly publishing in the Levin Institute of State University of New York. In 2017, Dr. Liu won the Young Editor Award of Chinese Science and Technology Journals. In 2021, She was awarded the Excellent Editor Award of Excellent Action Plan for Chinese Science and Technology Journals.

Robert Kruger

Email: robert.kruger@aacr.org

Robert Kruger, Editorial Director of Publications at the American Association for Cancer Research (AACR), holds a Ph.D. in Neuroscience from the University of Michigan, an M.Phil. in Biology from the University of Sussex, and a B.Sc. in Microbiology and Molecular Genetics from UCLA. Since joining AACR in 2019, he has played a pivotal role in shaping content strategies for AACR's 10 journals and helped to launch AACR's first open access journal. He has also served as Senior Executive Editor of AACR's premier journal *Cancer Discovery*. With nearly two decades of editorial leadership experience, he previously held key positions at Cell Press, including Deputy Editor of *Cell*. He has used his wide-ranging expertise in managing editorial teams to foster cross-functional collaborations, with his contributions including pioneering new publication formats and organizing high-impact conferences, such as the inaugural Cell Press Hallmarks of Cancer meeting.

Emilie Gunn

Email: emilie.gunn@asco.org

Emilie Gunn holds a Bachelor's Degree in English from Mary Washington College and a Master's Degree in Publishing from George Washington University. She has built her career at the American Society of Clinical Oncology (ASCO), starting as an editorial assistant and progressively advancing through roles such as coordinator and managing editor to her current position as Journals Director of ASCO. She oversees the editorial aspects of six journals, including the society's flagship journal, *Journal of Clinical Oncology*. Emilie Gunn is the current President-Elect of the Council of Science Editors, and engages with organizations like Society for Scholarly Publishing (SSP) and International Society of Managing and Technical Editors (ISMTE).

Tieming Zhang

Email: zhangtieming@bjfu.edu.cn

President of Society of China University Journals, Editor-in-Chief of the Journal Publishing Department of Beijing Forestry University, Board Member of China Journal Association, Member of the 8th Science and Technology Commission under the Ministry of Education. Prof. Zhang has 20 years of experience in scientific journal editing and publishing, he has undertaken a number of projects from the Chinese Association for Science and Technology (CAST), Beijing Municipal Education Commission and Ministry of Education. As a member of the CAST and STM project team, he and colleagues compiled the Joint Report of Open Access Publishing in China (2022), participated in the consultation and research programs on the development and reform of China's scientific journals.

Yuehong Zhang

Email: jzus@zju.edu.cn

Managing Editor of *Bio-Design and Manufacturing*, a Member of the UN Consultative Committee on Open Science and Global Partnership, used to be the Chief Editor of the *Journal of Zhejiang University-SCIENCE*. She was a Member of the ALPSP Council and the Crossref Board. Prof. Zhang has published a total of 66 papers in authoritative journals including *Nature*. She was formerly a Reviewer for *Science*. Her monograph titled *Against Plagiarism: A Guide for Editors and Authors* was published by Springer. Prof. Zhang received the COPE Fund in 2011 and had been awarded the Chinese Government Publication Award consecutively from 2011 to 2014.

Kongming Wu

Email: kmwu@tjh.tjmu.edu.cn

Prof. Wu earned his Ph.D. from Peking Union Medical College in 1999 and conducted postdoctoral research at multiple NCI-designated cancer centers in the U.S. He was formerly an Associate Professor at Thomas Jefferson University's Kimmel Cancer Center and later joined Tongji Hospital as Professor, Chief Physician and Doctoral Supervisor. He also serves as the Deputy EIC for *Journal of Hematology & Oncology* and EIC for *Experimental Hematology and Oncology*. Prof. Wu engages in tumor biology research, focusing on signal transduction, tumor immune microenvironment, and the development of bispecific antibodies. He has led multiple scientific research projects, authored more than 160 publications, which have been cited more than 13,000 times. He was recognized as a highly cited scholar in Chinese clinical medicine by Elsevier from 2021 to 2023.

Chongfang Wang

chongfang.wang@cn.springernature.com

Chongfang joined Springer Nature in February 2022, in charge of open science advocacy and policy. Starting from March 2024, she has transferred to Journals Growth Director, Greater China, Springer Nature, accountable for the strategic development and performance of the overall portfolio in China, and driving scalable international collaboration. Prior to Springer Nature, she has gained 15-year breadth of experience across the industry, and obtained deep knowledge of the new form and development of academic publishing.

Lei Lei

llei@wiley.com

Ph.D. in Plant Biology, Senior Editor of Wiley, used to be Senior Editor at *Nature Plants*. Lei earned her Ph.D. from Pennsylvania State University, followed by a postdoctoral fellowship in the Department of Biochemistry and Molecular Biology. She holds dual bachelor's degrees in Biological Sciences and Economics from Peking University. With 16 years of experience in scientific research and academic publishing, she has authored more than 60 research articles, reviews and commentaries in various international journals, including *Nature Plants*, *New Phytologist*, *PNAS*, etc. Lei currently oversees the strategic positioning, team development, content curation and sustainability of several life science journals at Wiley, such as *Advanced Science*, *Advanced Biology*, *Global Change Biology*, *GCB-bioenergy*, *Cell Proliferation*, *Land Degradation and Development*, etc.
